Update on Rodeo Grounds Progress- Brent, Bret went to CIB meeting for change of scope. It went great. They talked about our plans and progress. The change of scope was approved because so much of the work was donated. Dirt needed to be screened, super trucks hauled dirt replacement. 60,000\$ for dirt movement taken out of contingency. Arena will arrive in April from Powder River. CKC Pressure test lines in the spring. Inv for only 80% of the money and then file. MLE has finished until the spring. County finished hauling until the spring. Graded with extra dirt for a burm, finished dirt work. Furnished pedestrian work. No more work until spring. Three bids on restroom are ready to go out. Brown Roof, regular restroom bid. 148,000. Lake Fork Complex for the name. Strata donated the bore to get the water line over between the county so we can do trees. Rodeo committee is getting together to plan, for next year's rodeo.

Update on Lease agreement with the Altamont Park, the law firm has drafted the agreement and we are working on getting it approved.

Altamont City agreed that we could get to work on a Flag Pole. The city would like to have the committed to ensure that the lines will not impede traffic with oversized semi's, construction equipment etc. and hold up to wind.
